### Field Trip Permission

For safety reasons, our student's newborn to age pre-kindergarten age will not attend field trips of any means that require transportation. On occasion, the teachers may take our newborn to pre-kindergarten for a walk on the premises.

Field trips off premises are planned for children kindergarten and up. When a field trip is planned, parent will be informed and will need to sign a separate field trip permission slip that explains in detail the trip. Also, if a field trip requires transportation, Best Friends contracts with Trembley Bus to assure the safety of the children.
